

During this reporting period, 323 CDT practical examinations were administered. Figure 40 illustrates a breakdown of the total number of practical examinations administered in 2015 by specialty area. The largest portion of practical examinations administered were for Complete Dentures (37%) followed by Crown & Bridge (25%), Ceramics (15%), Orthodontics (11%), Implants (7%) and Partial Dentures (6%).

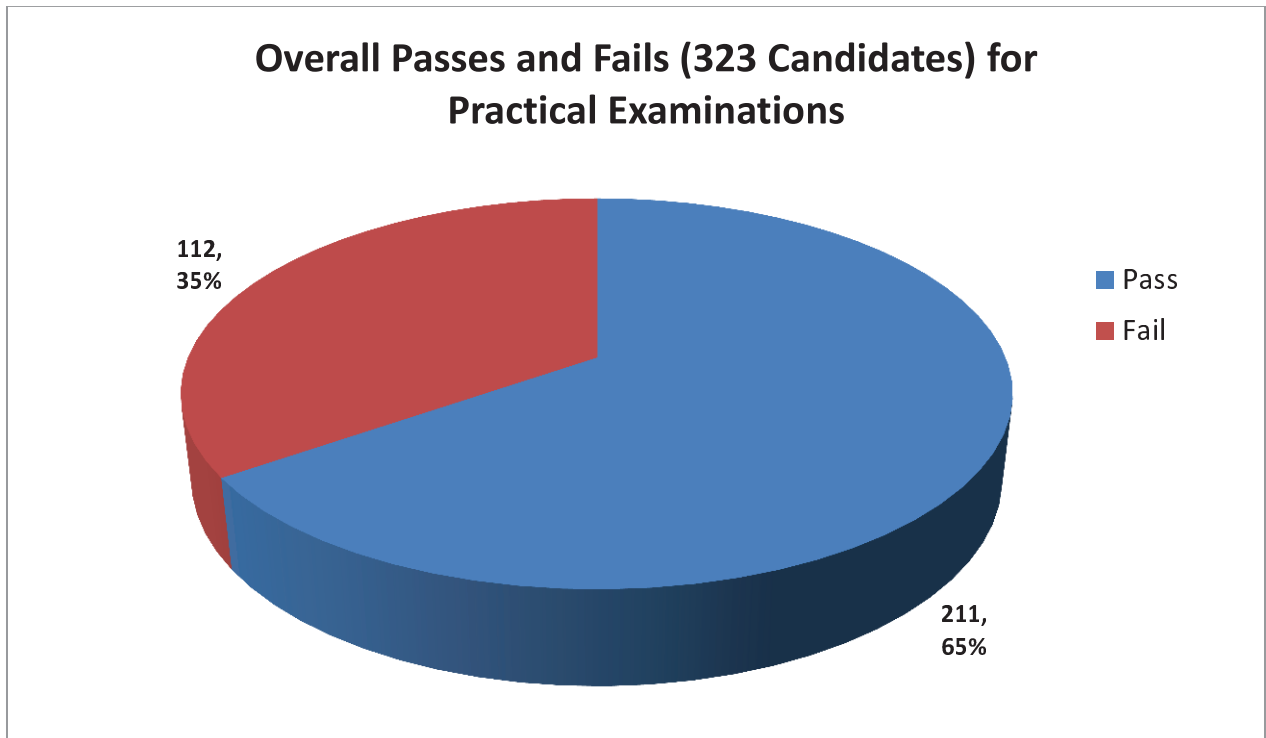

Figure 40

Candidate Performance

Figure 41 shows the overall proportion of candidates passing and failing the practical examinations.

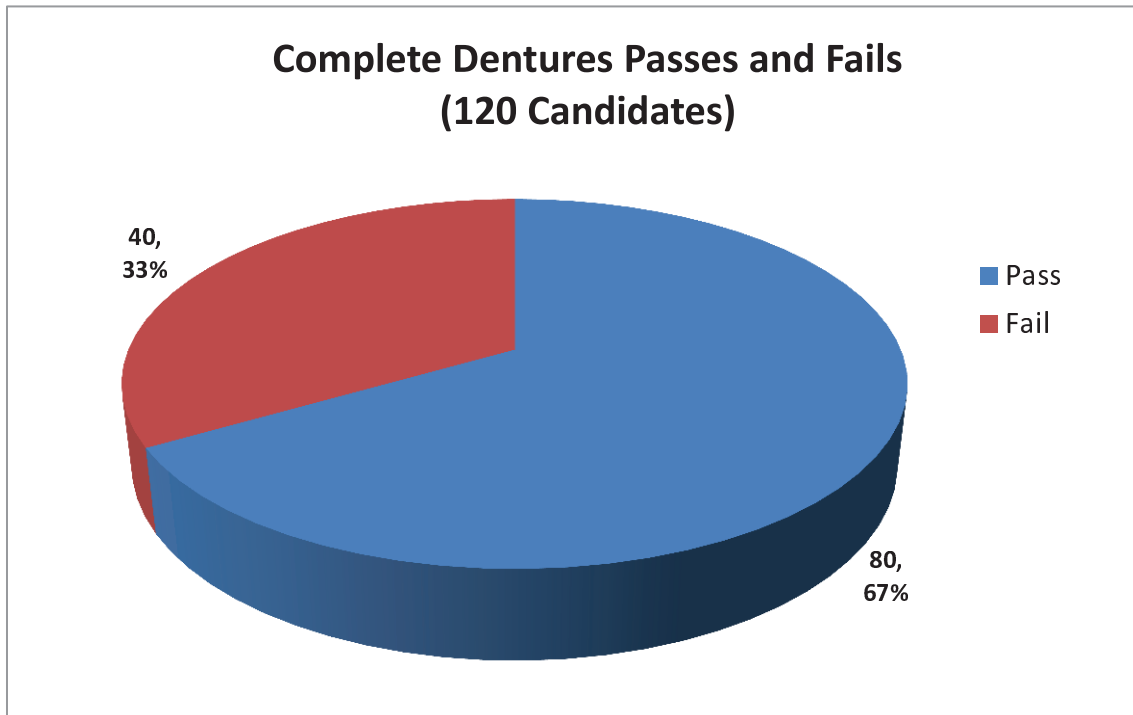

Figure 41

Complete Dentures Practical Examination

Figure 42 shows the proportion of candidates passing and failing the CD practical examination. Figures 43, 44 and 45 show the distribution of scores obtained by candidates taking each part of the CD Practical Examination. Candidates must obtain scores above the minimum passing score of 64% on each part of the examination in order to pass the examination. The red lines on the chart indicate the passing score. Summary data for each criterion on the examination are presented in Table 32.

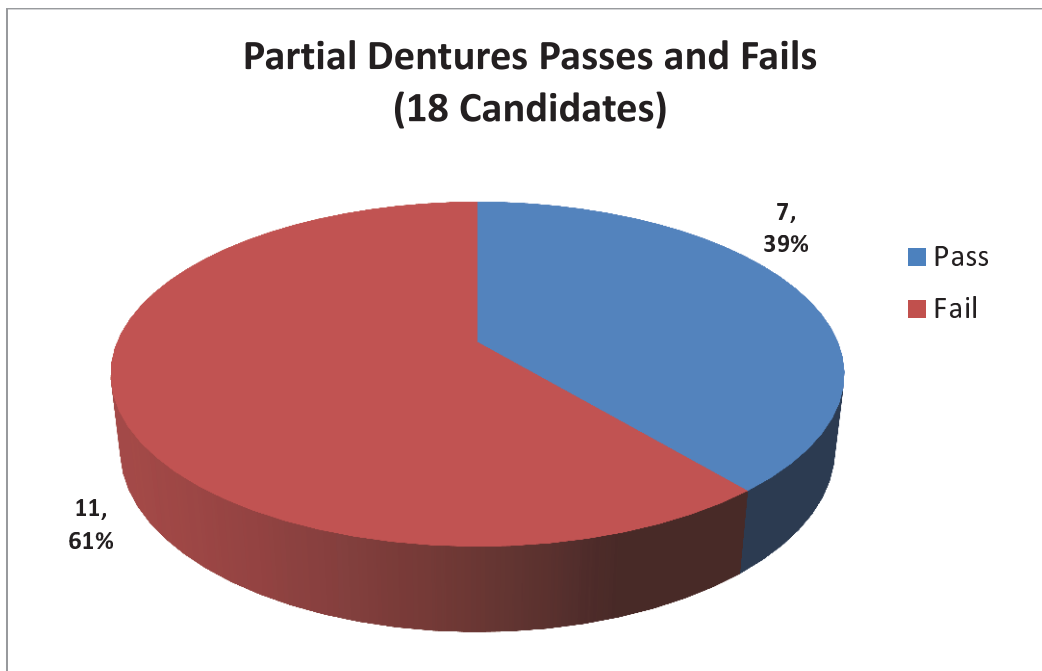

Figure 42

Partial Dentures Practical Examination

Figure 46 shows the proportion of candidates passing and failing the PD practical examination. Figures 47, 48, 49 and 50 show the distribution of scores obtained by candidates taking each part of the PD Practical Examination. Candidates must obtain scores above the minimum passing score of 77% on each part of the examination in order to pass the examination. The red lines on the chart indicate the passing score. Summary data for each criterion on the examination are presented in Table 33.

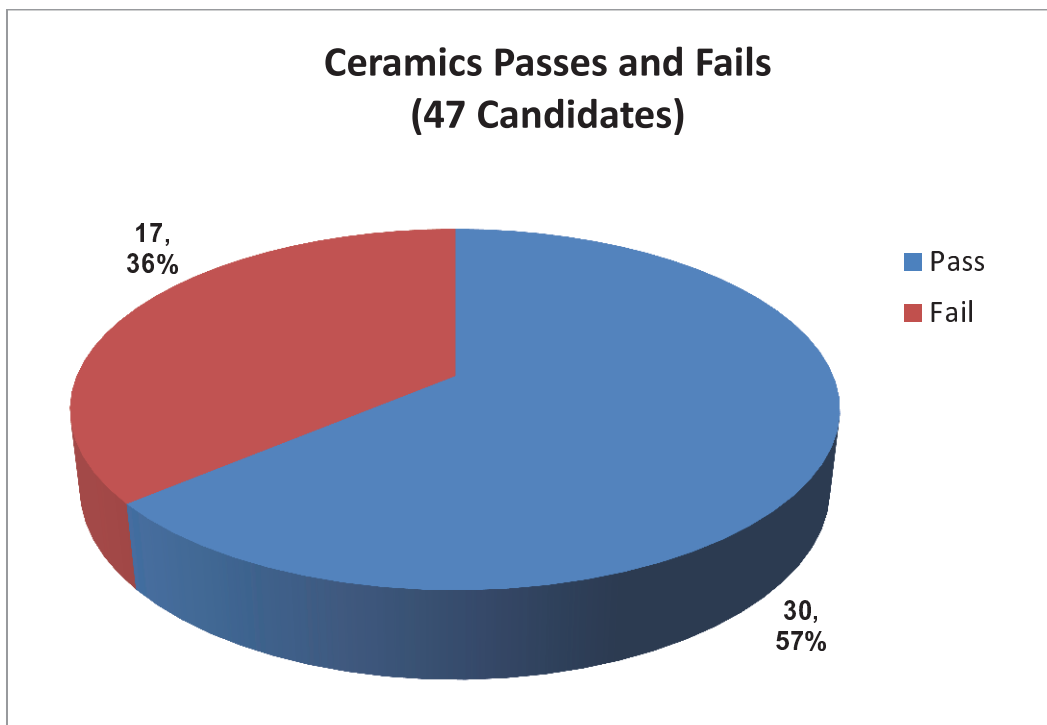

Figure 46

Ceramics Practical Examination

Figure 51 shows the proportion of candidates passing and failing the CE practical examination. Figures 52, 53, 54 and 55 show the distribution of scores obtained by candidates taking each part of the CE Practical Examination. Candidates must obtain scores above the minimum passing score of 68% on each part of the examination in order to pass the examination. The red lines on the chart indicate the passing score. The absence of a red line indicates that all candidates scored above the passing point. Summary data for each criterion on the examination are presented in Table 34.

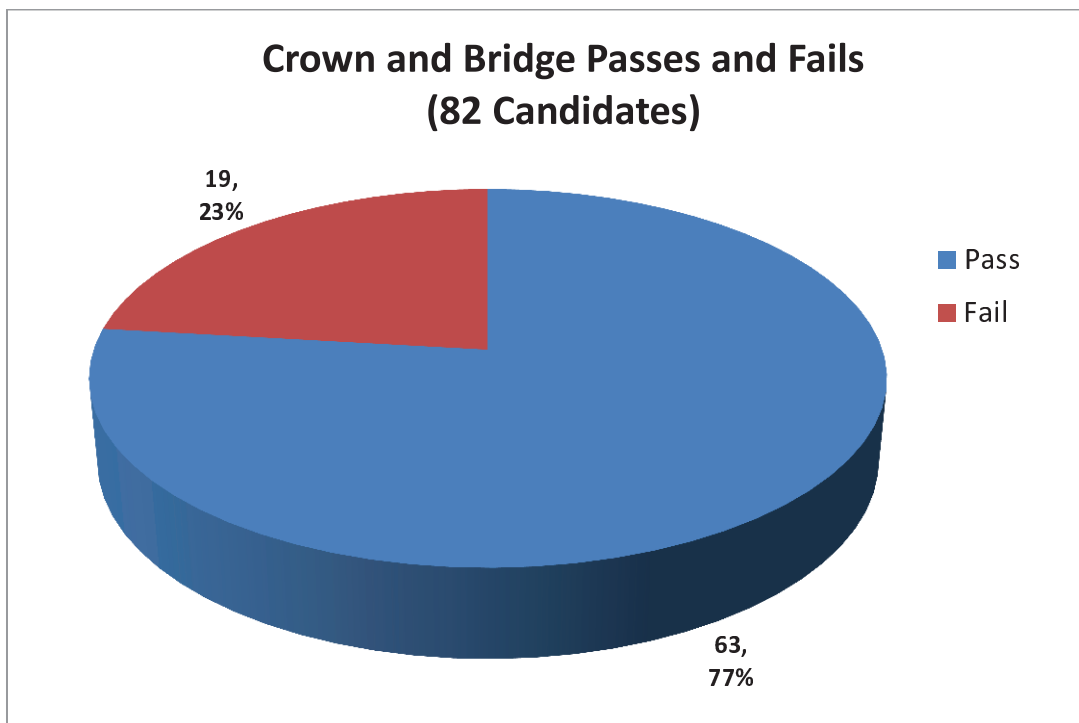

Figure 51

Crown and Bridge Practical Examination

Figure 56 shows the proportion of candidates passing and failing the CB practical examination. Figures 57, 58, and 59 and show the distribution of scores obtained by candidates taking each part of the CB Practical Examination. Candidates must obtain scores above the minimum passing score of 69% on each part of the examination in order to pass the examination. The red lines on the chart indicate the passing score. The absence of a red line indicates that all candidates scored above the passing point. Summary data for each criterion on the examination are presented in Table 35.

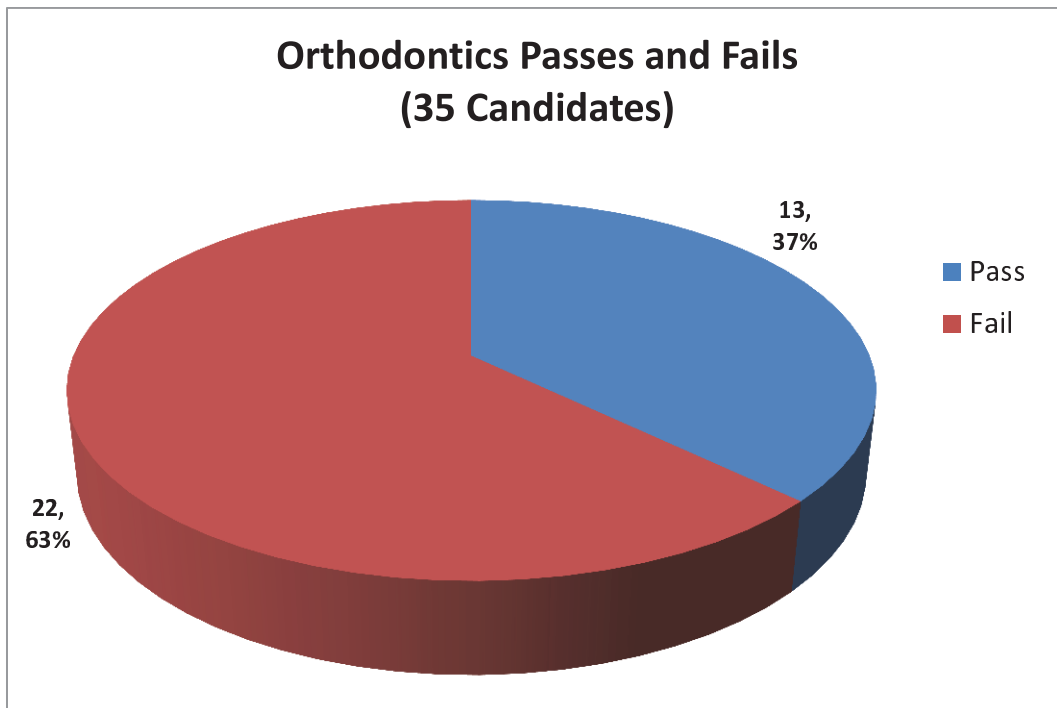

Figure 56

Orthodontics Practical Examination

Figure 60 shows the proportion of candidates passing and failing the OR practical examination. Figures 61, 62, 63 and 64 show the distribution of scores obtained by candidates taking each part of the OR Practical Examination. Candidates must obtain scores above the minimum passing score of 69% on each part of the examination in order to pass the examination. The red lines on the chart indicate the passing score. Summary data for each criterion on the examination are presented in Table 36.

Figure 60

Implants Practical Examination

Figure 65 shows the proportion of candidates passing and failing the IM practical examination. Figures 66, 67, and 67, show the distribution of scores obtained by candidates taking each part of the Implants Practical Examination. Candidates must obtain scores above the minimum passing score of 68% on each part of the examination in order to pass the examination. The red lines on the chart indicate the passing score. The absence of a red line indicates that all candidates scored above the passing point. Summary data for each criterion on the examination are presented in Table 37.
