

# *Do you work with a* **CDT?**

**CERTIFIED  
DENTAL  
TECHNICIAN**

## **CDTs VALUE STANDARDS**

The majority of states do not have minimum standards for who can become a dental laboratory technician. CDTs voluntarily adhere to the standards set forth by the National Board for Certification in Dental Laboratory Technology (NBC).

## **CDTs ARE TESTED**

A CDT has passed two written exams and a practical exam in order to achieve certification.

## **CDTs ARE EXPERIENCED**

CDTs must meet certain work experience and/or educational requirements in dental laboratory technology before they can receive the CDT designation.

## **CDTs RECEIVE CONTINUING EDUCATION**

Active CDTs annually meet technical and regulatory continuing education requirements to maintain their certification.
